"If?"
Oh, we judge each other harshly,
Knowing not life's hidden force;
Knowing not the fount of action
Is less turbid at its source;
Seeing not amid the evils
All the golden grains of good;
Oh, we'd love each other better,
If we only understood.

Men's best Underwear, 25c. New York Store.

Mr. Kramer Fichter of Ripley was here yesterday haying horses.

It would be to the interest of the C. and O. Railway Company to strike bands with the Mayor and divide the expense of building a first-class sewer under their roadbed at the foot of Sutton street. As it now stands, there is no telling at what time a cave-in may occur at that point. It is really dangerous.

THE American penchant to dedicate every little thing has reached a climax. At Louisville Saturday Governor WILLSON "dedicated" a flagstaff at the Masonic Home. It's funny, anyhow.

IN declining the Chinese Mission JOHN HAYS HAMMOND merely refused to be deported. The Republican party could ill afford to have such a man as Mr. HAMMOND banished to a heathen land.

THE serene dignity of the august Supreme Court of the United States has been surprised, if not shocked, because the new Attorney General, Mr. WICKERSHAM, appeared in the Court in his official capacity in a light drab suit. Nothing less than black had ever before been known in the way of garbing for the Government's principal representative at the Bar of this high tribunal.

THE news comes from Louisville that "fully twenty Governors" will attend the meeting of the International Tax Commission, which convenes in that city September 21st next. With all those Executives parading and posing around and spouting their bombastic theories, what may we expect to eventuate as a practical result? Words, words, words, and more words! is the sum total of all these festal symposiums. The reason that THEODORE ROOSEVELT is such an idol of the great common people is because he backs up his talk with "the goods."

THE fact that CARRIE NATION has hacked off \$250,000 with her little hatchet shows there were shrewd business methods in her madness. —Washington Post.

WHEN Mrs. CAROLINE BARTLETT CRANE points the finger of criticism, scorn and ridicule at a dirty city the indictment is mighty hard to erase from the docket.

THE American market, the best in the world, is to be protected and its advantages preserved for the American producer. This belief gives confidence to all classes, and that is why a speedy return to Prosperity is assured. This prosperity will continue if the Republican party continues in power, and that it will is not doubted.

DURING the year we had but seven steamships regularly crossing the Atlantic to Europe, two of which have recently been transferred to a foreign flag. Crossing the Pacific we have but six steamships, and we have no steamships under the American flag on route to South America below the Isthmus and the Caribbean Sea, to Australia, or to Africa.—The American Flag.

Mrs. CAROLINE BARTLETT CRANE hasn't any hatchet like Mrs. NATION, but she can be just as cutting with her tongue and does much more effective work. We believe Mrs. CRANE's visit to Kentucky is one of the best things that ever happened to us. It'll wake us up, and if any race on earth ever needed a rude awakening it is us Kentuckians. Come again, "Aunt" CAROLINE, and give us what General SHERMAN give 'em.

Graves of Confederate Soldiers Decorated Yesterday—Jefferson Davis' Birthday

The graves of the Confederate dead were decorated yesterday in the Maysville Cemetery by the "Daughters of the Confederacy," and after listening to an elegant and very appropriate address by Rev. Roger L. Clark, the Daughters, with the members of Joseph E. Johnston Camp of Confederate Veterans, adjourned to the St. Charles Hotel and enjoyed a splendid "lunch" prepared by Mrs. Willis Coulter.

It was quite an elaborate affair, and too much praise cannot be given Mrs. Coulter for her fine selection of tempting food, the admirable service and the charming appointments of the table.

The "Daughters" were the guests of our local Camp of Confederates, and the social features will be long remembered.

During 1905 Ohio property worth six and two thirds million dollars went up in smoke. Although value of insurable property in the State has doubled since the Fire Marshal's office was established, the fire loss has been reduced from eleven to seven millions. Ohio gets insurance cheaper than either of the five States adjoining it.

Sunday will be observed as Children's Day by the Christian Church Sunday-School. Let every scholar be present Sunday morning with their boxes well filled, as this is Centennial Year and we want to make a good record. Regular services in the morning. Rev. Clark will fill the pulpit. At night the children will have their entertainment in the main auditorium. To all of these services the public is invited. It is requested that every boy and girl member of the school meet at the Church tomorrow, Saturday, afternoon, at 1:30 o'clock for rehearsal.

When a passenger, and especially a drummer, who spends half his life on railway trains, goes aboard Trains Nos. 18 and 17 on the C. and O. at Maysville he generally utters a curse-word and declares that he cannot understand how a great line like the Chesapeake and Ohio Railway will persist in thrusting on the traveling public such accommodations as are given the patrons by forcing them to pay their money to ride in such coaches as the old, out-of-date, rattletap cars as Nos. 355 and 326.

These two old hoodoos are over 25 years old and did service on the Richmond Division of the C. and O. a generation ago; afterward they were sent to the Mountain Division of the road, and later they "also ran" between Ashland and Lexington. The Bluegrass thoroughbreds raised such a howl about the old, antiquated vehicles that the Company took them off and put them on the Cincinnati Division, and for years the Conductors and brakemen who have charge of them, and the thousands of persons who are forced to ride in them monthly on the line between Maysville and points East and West, raise a daily kick and wish the old metal-arm, short-back, backwoods, unsanitary old coaches were relegated to the scrap-heap, where they belonged years ago.

It is remarked that the C. and O. Road daily hauls back and forth, empty and loaded up, on an average of half a dozen modern passenger coaches over its Cincinnati Division. The traveling public is hardly ever allowed to see these nice coaches, but is compelled to ride in the old, stuffy shacks, which are close, badly ventilated, and lighted by stinking old coal oil lamps. Everybody knows that the railway business is operated on a "system" (?) which has for its prime object the important matter of manufacturing dividends for its bondholders and huge salaries for its high officials. The matter of comfort and convenience for the "great common people" who support the roads and pay all the bills is quite a secondary consideration and is pigeon-holed under the caption:

"THE PUBLIC BE DAMNED."

The public has many rights which are never enforced and many wrongs which it bears uncomplainingly from week to week and from year to year. In these times the railroads are termed "common carriers"—probably because they carry so many "common people"—and as common carriers they should be made to cater to the convenience and comfort of the public.

If you believe this article is merely a senseless kick, get aboard Train No. 17 tomorrow morning and take a 65-mile ride from Maysville to Cincinnati in coach No. 355, or "combination coach" No. 326. If you don't get your fill of bumping the bumps and do the physical contortions act 'teen times before you reach the Queen City, we'll take it all back.

It's simply awful, Mr. Hawley, that you will still permit these old cars to be operated over the historic and scenic route, the celebrated "C. and O."

The old passenger depot, too, at Maysville is the laughing stock of the thousands who pass it daily over the otherwise splendid Chesapeake and Ohio Railway.

The attention of the Kentucky Railway Commission will be directed to our old shack of a depot and to coaches Nos. 355 and 326 on the Cincinnati Division.

So there, Mr. E. Harrison-Hawley, you stand convicted at the bar of public opinion, and if you want to go clear you must get busy and give us a new depot at Maysville, and a few other things.

Thos. J. Chenoweth, the Rexall Store.

Preparatory services for Communion next Sabbath will be held in the Central Presbyterian Church tonight at 7:30 o'clock.

A full attendance of the members is requested by the Pastor, that we may be ready for a pleasant and profitable service Sabbath morning.

Any one desiring to join the Church by profession or by letter will please be present tonight and make same known to the Pastor, Rev. W. W. Akers, that he may talk with them and arrange for their meeting the Session.

This being the first Communion together for the year as Pastor and people the Pastor would urge all to be present Sabbath morning.

PILING UP DIVIDENDS

And Pushing Old Rattletap Coaches on the Public is a Feature of Modern Railroad

When a passenger, and especially a drummer, who spends half his life on railway trains, goes aboard Trains Nos. 18 and 17 on the C. and O. at Maysville he generally utters a curse-word and declares that he cannot understand how a great line like the Chesapeake and Ohio Railway will persist in thrusting on the traveling public such accommodations as are given the patrons by forcing them to pay their money to ride in such coaches as the old, out-of-date, rattletap cars as Nos. 355 and 326.

These two old hoodoos are over 25 years old and did service on the Richmond Division of the C. and O. a generation ago; afterward they were sent to the Mountain Division of the road, and later they "also ran" between Ashland and Lexington. The Bluegrass thoroughbreds raised such a howl about the old, antiquated vehicles that the Company took them off and put them on the Cincinnati Division, and for years the Conductors and brakemen who have charge of them, and the thousands of persons who are forced to ride in them monthly on the line between Maysville and points East and West, raise a daily kick and wish the old metal-arm, short-back, backwoods, unsanitary old coaches were relegated to the scrap-heap, where they belonged years ago.

It is remarked that the C. and O. Road daily hauls back and forth, empty and loaded up, on an average of half a dozen modern passenger coaches over its Cincinnati Division. The traveling public is hardly ever allowed to see these nice coaches, but is compelled to ride in the old, stuffy shacks, which are close, badly ventilated, and lighted by stinking old coal oil lamps. Everybody knows that the railway business is operated on a "system" (?) which has for its prime object the important matter of manufacturing dividends for its bondholders and huge salaries for its high officials. The matter of comfort and convenience for the "great common people" who support the roads and pay all the bills is quite a secondary consideration and is pigeon-holed under the caption:

"THE PUBLIC BE DAMNED."

The public has many rights which are never enforced and many wrongs which it bears uncomplainingly from week to week and from year to year. In these times the railroads are termed "common carriers"—probably because they carry so many "common people"—and as common carriers they should be made to cater to the convenience and comfort of the public.

If you believe this article is merely a senseless kick, get aboard Train No. 17 tomorrow morning and take a 65-mile ride from Maysville to Cincinnati in coach No. 355, or "combination coach" No. 326. If you don't get your fill of bumping the bumps and do the physical contortions act 'teen times before you reach the Queen City, we'll take it all back.

It's simply awful, Mr. Hawley, that you will still permit these old cars to be operated over the historic and scenic route, the celebrated "C. and O."

The old passenger depot, too, at Maysville is the laughing stock of the thousands who pass it daily over the otherwise splendid Chesapeake and Ohio Railway.

The attention of the Kentucky Railway Commission will be directed to our old shack of a depot and to coaches Nos. 355 and 326 on the Cincinnati Division.

So there, Mr. E. Harrison-Hawley, you stand convicted at the bar of public opinion, and if you want to go clear you must get busy and give us a new depot at Maysville, and a few other things.

Now coming. My supplies will come direct from the growers by express and will be on sale here on same days they are picked. Will be sold WHOLE-SALE and RETAIL in full-size cups just as they come from the patches and will be as heretofore—the best that come to this market. The long-protracted drouth last year killed out many of the patches and the crop will be short, and my advice to those who want berries is to not put off securing what they may want. I am expecting some very fine berries, so place your orders with me and I will guarantee satisfaction.

My supplies of vegetables are now principally HOME GROWN and I am in position to at all times furnish the best and the freshest. Flour is still booming. This week I am going to offer the Famous

How a Maysville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—
From urinary disorders—
From any disease of the kidneys,
Be cured to stay cured.
Doan's Kidney Pills make lasting cures.
Maysville people testify.
Here's one case of it:
M. C. Chisholm, 317 East Second street, Maysville, Ky., says:
"The cure which Doan's Kidney Pills effected in my case some years ago has been permanent, and the testimonial I gave in their favor still holds good. I was bothered a great deal by too frequent passages of the kidney secretions, this being especially annoying at night, when I was obliged to arise several times. Having my attention called to Doan's Kidney Pills, I procured a box at J. J. Wood & Son's Drugstore, and had only used them a short time when I noticed a marked improvement. They soon cured me, and I have learned of several instances where they have been used with good results."
